

## WARRANTY OV STANDARD AND FRS

Wilson Industries Pty. Ltd. Warrants that for a period of 10 years from the date of purchase, the OV model constant pressure domestic water heater shall be free from faulty workmanship or material, subject to the conditions below. This is provided that failure has not occurred due to faulty installation, aggressive or corrosive water supply, accident, abuse, misuse, flood, vacuum an act of God or as a result of transportation.

The water heater must be installed by registered trades people to comply with the regulations of local statutory authorities, relevant standards and Wilson Industries Pty. Ltd. Instructions.

Float valves generally do not carry a warranty. Electrical components are conditionally warranted for up to 12 months. Any claim is subject to inspection and acceptance by the respective manufacturer of the electrical component.

Any consequential loss or damage, which may occur as a result of the failure of the water heater is not covered by the warranty.

Further to the provisions stated above, Wilson Industries Pty. Ltd. warrants that

**For the period up to and including the 5th year after the date of original purchase,**

Repair or replace defective components or, at the discretion of Wilson Industries Pty. Ltd. provide a replacement unit or parts, including the cost of labour to repair the unit.

**For the 6th year after the date of original purchase,**

The same warranty will apply except that the owner will be charged 30% of such repair work and or cost of replacement parts.

**For the 7th year after the date of original purchase,**

The same warranty will apply except that the owner will be charged 40% of such repair work and or cost of replacement parts.

**For the 8th year after the date of original purchase,**

The same warranty will apply except that the owner will be charged 60% of such repair work and or cost of replacement parts.

**For the 9th year after the date of original purchase,**

The same warranty will apply except that the owner will be charged 80% of such repair work and or cost of replacement parts.

**For the 10th year after the date of original purchase,**

The same warranty will apply except that the owner will be charged 90% of such repair work and or cost of replacement parts.

The above conditions apply to water heaters within the capital city metropolitan areas, as determined by Wilson Industries Pty. Ltd. Outside of these areas the water heater or components must, unless otherwise arranged, be returned to a service agent nominated by Wilson Industries Pty. Ltd. All freight charges are at the expense of the purchaser. Responsibility cannot be accepted for repairs or replacement unless authorisation has previously been received from Wilson Industries Pty. Ltd. It is the responsibility of the purchaser to provide proof of original purchase and the date of purchase. Should this need arise for a water heater, or any component of a water heater, to be returned to Wilson Industries Pty. Ltd under the terms of the warranty, the cost of removal, cartage in both directions and re-installation will be payable by the purchaser.

Any water heater or component replaced under warranty is covered for the remaining period of the existing warranty. It is not covered for a further full warranty.

Notwithstanding anything contained herein, the water heater shall continue to be subject to any implied warranty provided by the Australian Consumer Law (as amended) if and to the extent that the said Act is applicable and prevents the exclusion, restriction or modification of that warranty.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
